Mission Statement

Our mission is to create lifelong leaders and contributors who will successfully meet the challenges of the 21st century. The goal of the school is to teach behaviors which help create and maintain a positive learning environment, to use teaching techniques which recognize that students have different learning styles and multiple intelligences, and to teach students to become independent thinkers and learners. Our students will all achieve the NJ Core Curriculum Content Standards as they strive to maintain a "tradition of excellence." Quality education for all students is a constant objective.
