

**Annual Notification of the School IPM Program**  
**For School Year 2021-2022**

Dear Parent, Guardian, Student or Staff Member of the Monmouth Beach School

This notice is being distributed to comply with the New Jersey School Integrated Pest Management Act. The Monmouth Beach School has adopted an Integrated Pest Management (IPM) Policy and has implemented an IPM Plan to comply with this law. IPM is a holistic, preventative approach to managing pests that is explained further in the schools IPM Policy included with this notice.

All schools in New Jersey are required to have an Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and pesticide use at the school.

The IPM Coordinator for the Monmouth Beach School is:

Name of IPM Coordinator: Robert Seidel

Business Phone Number: 732-222-6139

Business Address: 7 Hastings Place, Monmouth Beach, NJ 07750

The IPM Coordinator maintains the pesticide product label and the Material Safety Data Sheet (MSDS) (when on is available) of each pesticide product that may be used on school property. The label and the MSDS are available for review by a parent, guardian, staff member or student attending the school. Also, the IPM Coordinator is available to parents, guardians and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan the Monmouth Beach School may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant woman, infants and children, should avoid unnecessary pesticide exposure.

---

Meetings regarding the School Integrated Pest Management Program and/or adoption of the "IPM" Policy are scheduled for the following dates and times:

NO MEETINGS ARE SCHEDULED AT THIS TIME

---

<u>Date</u>	<u>Time</u>	<u>Location</u>
