PRESCHOOL PROGRAM 2021-2022

The Monmouth Beach School District will offer a Preschool Program for the 2021-2022 school year. This program will allow children to become part of the Monmouth Beach School family, start their love of learning, and provide a positive transition for students entering our Kindergarten classroom.

The Monmouth Beach School Pre-K program involves a New Jersey State approved curriculum, supporting resources for Language Arts and Math, and an infusion of the special area classes such as Art, Music, Physical Education, and Library. The age group will be for three and four year old children. A student must turn three or four before October 1, 2021, to be eligible for the program. It will be a full day program running from 8:30 a.m. to 2:40 p.m. The classes will be lead by New Jersey Certified Pre-K teachers and have one classroom aide. The maximum enrollment for the program will be 32 students. If we receive more than 32 registrations, a waiting list will be compiled.

*Please note, this program is not part of the Monmouth Beach School District budget and needs to be self sustaining in order to operate. The cost of the tuition is based largely on the enrollment and is subject to change the following year due to this factor. At maximum enrollment, the yearly (10 month) tuition would be \$6,500.
