

Monmouth Beach School District Policy 5111.5
Preschool Program Enrollment Procedures

On the first scheduled date for preschool registration, returning students of Monmouth Beach resident families and their siblings will be given the opportunity to enroll children that meet the designated age requirements. A child must be 3 years old by October 1 of the upcoming school year. Proof of student age and residency will be required at the time of registration.

One week after the initial registration date for returning Monmouth Beach residents, new children of resident families will be able to register provided that the child meets the designated age requirements and all other conditions.

One week after the designated date for new resident students, non-resident families and staff members will be able to register for the program provided that there is space for additional enrollment and that their child meets the same requirements stated above. Staff members will be expected to pay the same tuition rate as all other families.

After the third week of registration, any future registrations will be on a first come, first serve basis, space permitting. A waiting list will be created, if necessary.

A \$100 refundable deposit will be required from any family who registers a child for the preschool program, payable to Monmouth Beach School on the day of registration. Tuition payments must be made as per the preschool program contract. Failure to pay tuition by the date stated may result in your child being removed from the preschool program. Financial hardship waivers will be determined on a case by case basis.

Students will be subject to all Board policies and regulations regarding conduct and behavior. Additionally, students must be toilet trained and have up-to-date immunizations.
